

# **SINE-LINK TECHNOLOGIES**

Apr. 23rd 2007

San Paulo

# SINELINK Technologies Co., LTD.

a professional supplier for

- Electronics components
- Consumer products
- Security products

## -- Electronics components

PZT

Non-linear Resistor

MLCC

RSMD

**\*\* Semiconductors also available**

# -- Consumer products

## Arterial Hardness & Blood Pressure Monitor

### Features:

- Arterial hardness (H-Value) measuring
- 3 min. automatic power-off
- Automatic linear deflation / exhaust valve to fit various sizes of cuff
- Averaged H-Value displayed automatically when the device turned off
- 30 sets memories + average (H-Value, blood pressure & pulse) + date/time
- Automatic inflation w/3 preset pressure levels (180 / 210 / 240mmHg)
- Low battery indicator
- CE certificate

# -- Consumer products

## Ultrasonic Aromatherapy Atomizer

### Features:

- User friendly design with adjustable mist output level and timing
- Safety: no risk of overheating or explosion
- Auto-stop when water is below recommended level
- Up to 5 hours operating time
- CE certified

# -- Security products

## Fingerprint Switch

### Features:

- Battery operated that lasts between 8- months to 1-year
- Use chip sensor to effectively detect Fingerprint with smudge, car, cut, swelling and fingers that are too dry or too wet
- Force Unlock" backup access method using PIN via external device
- Easy operation of fingerprint enrollment via external "Configurator" device for "1:N"- Matching
- Customized modification solutions are available upon request
- CE certificate

# Potential Customers/Partners

1. Equipment manufacturers who need electronics components
2. Service providers for beauty or aromatherapy related field
3. Distributors of blood pressure monitor
4. System integrators for security system
